

TIP-Building Workshops

Boston Region MPO

Diverse Region – Working Together
people, information, strategies

The Boston Region Metropolitan Planning Organization (MPO) is beginning to develop the federal fiscal years 2013–16 TIP. Federal highway and transit funds for the region are programmed in the TIP. Everyone is invited to learn about this year's TIP development process at either of the two TIP-Building Workshops and an Open House in January.

Assistive listening devices and large-print materials will be available at the meetings. Upon advance request, every effort will be made to prepare materials in other formats and in languages other than English, and to provide interpreters in American Sign Language and other languages.

Workshop Schedule
