Vision

The Boston Region Metropolitan Planning Organization envisions a modern, **well-maintained** transportation system that **supports** a sustainable, healthy, livable, and economically vibrant region. **To achieve this vision, the transportation system must be safe and resilient; incorporate emerging technologies; and provide equitable access, excellent mobility, and varied transportation options.**

Transportation Equity Goal

Existing Goal:

Provide comparable transportation access and service quality among communities, regardless of income level or minority population

Change Goal to:

Ensure that all people receive comparable benefits from, and are not disproportionately burdened by, MPO investments, regardless of race, color, national origin, age, income, ability, or sex

Transportation Equity Objectives

Existing Objective	Proposed Objective
Target investments to areas that benefit high percentage of low-income and minority populations	Ensure that all equity populations receive benefits comparable to those received by non-equity populations from MPO investments
Minimize any burdens associated with MPO-funded projects in low-income and minority areas	Minimize potential harmful environmental, health, and safety effects of MPO-funded projects for all equity populations
Break down barriers to participating in MPO decision-making	Delete

Transportation Equity New Objectives

Existing Objective	Proposed Objective
N/A	Promote investments that support transportation for all ages (age-friendly communities)
N/A	Promote investments that are accessible to all people regardless of ability
